Charter Ceremony of Shuri Trilingual TMC in Okinawa

Reported by: Kazuko Kawauchi

Shuri Trilingual TMC, the second TMC in Okinawa, was officially chartered on March 5 and the club celebrated its charter on June 2 at Bankoku Shinryokan in Nago-City, Okinawa. On behalf of the International President and the members of District 76, I, the then Governor of District 76 attended its ceremony and offered my hearty congratulations to all. This venue was used for the G8 Summit Okinawa held in 2000. While I was walking on the alley along which world leaders such as Mr. Clinton, Mr. Blair, Mr. Chirac, Mr. Putin, Mr. Schroder and others at that time walked around by discussing some political matters, I reconfirmed that a world history was created there. I appreciate marketing and leadership skills of TM Shintaro Kuga, President of the club, who chose this venue for his club's charter ceremony. Also, thanks to his great effort, Mr. A. Magleby, United States Consul General, Naha, agreed to attend the ceremony as the special guest and made an inspirational, insightful and unforgettable congratulatory address in three languages: Japanese, English and Okinawa dialect! We all were honored to welcome him at the ceremony as it was rare that US Consul General himself attended a TMC's

charter ceremony in any districts in the world. TM Kuga said about his club, "In every meeting, the club's members try to improve communication and leadership skills by making prepared speeches in one's chosen language out of the three: Uchina-guchi (the traditional dialect in Okinawa), Japanese, and English." According to him, this gives the club culturally diversified members invaluable opportunities to share their ideas and thoughts more effectively even in each other's foreign languages, namely, out of the three languages most frequently used on the Island, while helping to preserve traditional Okinawan culture like Okinawan dialect. As the result, the club has been frequented by local Okinawans, JICA students from all over the world, and the U.S. service personnel.

He also said, "The place name "Shuri" where the Shuri castle is, came from Indo-European root word "suri", which means "high above", "beyond" and "noble", thus being most suitable to the name of the new club. Through the activities of Toastmasters, the U.S.-born organization with about ninety-year history and where people with various racial and cultural backgrounds can acquire communication and leadership skills, I believe people of the U.S. and Japan can understand each other further." Regular meetings are held on the first and third Sundays 15:00-17:00 at Okinawa International Center.
